FIRE ALARM FIRE EXTINGUISHER LOCATIONS IN THE REGIONAL OFFICE.

FIRE ALARM BOXES 1 on each floor, located opposite elevators.
FIRE EXTINGUISHERS 2 on each floor, located on corridor wall at
 northeast and southwest corners.

REGIONAL OFFICE TELEPHONE NUMBERS

Commercial & FTS 907-272-5561
ATSS 255-0111

GENERAL DIALING INFORMATION

LOCAL AND LONG DISTANCE CALLS PROCEDURES

REGIONAL HEADQUARTERS PERSONNEL

LOCAL CALLS

1. Local calls to extensions of the FAA Hill Building Telephone system
 - A. Dial the 3 digit listed extension number.
2. Local calls to City of Anchorage telephone numbers
 - A. Dial 9 and wait for the dial tone, dial the listed number.
3. Local calls to Elmendorf AFB or Ft. Richardson Army Base
 - A. Dial 9 and wait for the dial tone, dial the listed number.

LONG DISTANCE CALLS

1. INTRA-ALASKA CALLS
 - A. Use the ATSS system
 1. Dial 16.
 2. Dial the seven digit ATSS number listed for the location you wish to call.
 - B. Use the commercial system when no ATSS number is listed or URGENCY of the call requires using commercial toll lines.
 1. Dial 9 and wait for the dial tone.
 2. Dial Long Distance Operator--110 and give the operator the following information:
 - (A) Your name
 - (B) This is an official Government call and is to be charged to the FAA special credit card number _____. (Obtain number from your division or branch secretary.)
 - (C) Location and telephone number being called. (All calls should be made station-to-station unless circumstances warrant person-to-person).
 - (D) COMPLETE FAA FORM-258, TOLL CALL CERTIFICATE, and give to the certifying or approving official for the division or branch for use when verifying the toll call billing.
2. "LOWER 48" CALLS
 - A. Use the FTS system
 1. Dial "0" and ask the operator to place an FTS call.
 2. Furnish the operator with your name, routing symbol, and the telephone number you wish to call (FTS Users Guide has been distributed to divisional and branch secretaries).
 3. If asked by the GSA, FTS operator, give the Federal Aviation Administration authorization number _____ (obtainable from your division or branch secretary).
 - B. Use Commercial system
 1. Dial 9 and wait for the dial tone.
 2. Dial Long Distance Operator--110 and give the operator the following information:
 - (A) Your name.
 - (B) This is an official Government call and is to be charged to the FAA special credit card number _____ (obtain the special number from your division or branch secretary).
 - (C) Location and telephone number being called. (All calls should be station-to-station except when circumstances warrant person-to-person. Do not ask the long distance operator for extension numbers or persons at the location desired, wait until the receptionist or switchboard operator answers, then ask for the

individual or extension. This method assures station-to-station rates.)

- (D) COMPLETE FAA FORM-258, TOLL CALL CERTIFICATE, and give to the certifying or approving official for the division or branch for use when verifying the toll call billing.

AREA AND FIELD FACILITY PERSONNEL

LOCAL CALLS

1. Consult local telephone directory for procedures.
2. If a subscriber to ATSS, consult the Air Force All Alaska Telephone Directory for dialing information.

LONG DISTANCE CALLS

1. INTRA-ALASKA

A. Use the ATSS system

1. Location to location having ATSS telephones
 - (A) Dial the system access code for calls between ATSS locations (consult the Air Force All Alaska Telephone Directory, General Information for the access code).
 - (B) Dial the 7 digits of the number calling.
2. Calls to Alaskan Regional Headquarters
 - (A) Direct dialing to R.O. extensions
 - (1) Determine correct R.O. extension
 - (2) Dial the system access code for ATSS line (consult Air Force All Alaska Telephone Directory for access code.)
 - (3) Dial 255 - then (3 digit R.O. extension calling) then the additional digit - 1.

Example: Calling extension 559 from Galena. Dial 7 (ATSS access) - then 255-559-1

(B) Direct dialing to R.O. Operator

- (1) Dial System access code for ATSS line
- (2) Dial 255-011-1

B. Use the commercial system if no ATSS number is listed or call is from a non-ATSS telephone.

1. Contact the long distance operator by dialing the correct access code.
2. Provide the operator with:
 - (A) Your name and telephone number.
 - * (B) Advise operator to bill this call to your special RCA billing number or local telephone credit card.
 - (C) State this is an official business call and give telephone number desired DO NOT give the name and/or extension of party desired. If calls are placed to the Regional Office, give the number 272-5561 and ask for the individual or extension desired only after the PBX operator answers. This method will assure placement of calls on a station-to-station basis at a reduced rate.

* Special billing numbers are assigned by RCA to field locations having only Government-owned telephone facilities. This facilitates payment of bills by the Accounting Division.

2. "LOWER 48" CALLS

A. Use the FTS System (between 0730-1630 Alaska Standard Time).

1. Contact the GSA Anchorage Switchboard Operator via the ATSS number 255-0111 or the commercial number 277-8681 and ask for a FTS line. (Juneau personnel contact Juneau GSA operator)
2. Provide the operator with:
 - (A) Your name, location and telephone number
 - (B) The FAA Alaskan Region six digit FTS identification number _____ (obtain from the Sector Manager or Station Coordinator).
 - (C) Complete FAA Form-258, Toll Call Certification if commercial lines are used to contact the FTS operator.

B. Use Commercial system

1. Dial Long Distance Operator and give the operator the following information:
 - (A) Your name
 - (B) This is an official Government call and is to be charged to the FAA local commercial telephone number or credit card number _____. (If location has only government-owned telephone facilities then the special RCA billing number for that location shall be used.)
 - (C) Location and telephone number being called. (All calls should be station-to-station except when circumstances warrant person-to-person. Do not ask the long distance operator for extension numbers or persons at the location desired, wait until the receptionist or switchboard operator answers, then ask for the individual or extension. This method assures station-to-station rates.)
 - (D) COMPLETE FAA FORM-258, TOLL CALL CERTIFICATE, and give to the certifying or approving official for the facility or location for use when verifying the toll call billing.

C. Autovon System.

1. Authorized users may use the AUTOVON system for official calls to lower "48" AUTOVON subscribers.
 - (A) Contact the ATSS assistance operator and request AUTOVON line (see Air Force All Alaska Telephone Directory for assistance operator number).
 - (B) Furnish operator with the following information in order listed:
 - (1) This is an official _____ (precedence) call
 - (2) Name and organization
 - (3) Assigned FAA Autovon Control Number (2 digit number assigned by ALCOM).
 - (4) Telephone number FROM which call is made
 - (5) Location, telephone number and name of person being called.
2. AUTOVON calls are monitored for security reasons and official use. The standard length of a call is established at 5 minutes.
3. Pre-emption by higher precedence originators may terminate your call with only 30 seconds notice.
